

Seed

Premium Seed (Sun & Shade), and (Throw and Grow) are our premium seed blends. Each are ideal for all seeding and repair applications. Specifically mixed for successful growth in our area. Both contain seed varieties for sunny and shady areas. Allowing a lawn to establish itself according to its environment.

Tri Tall Fescue A blend of three high quality hybrid turf type Tall Fescues that germinate quickly, survive heat, drought and low fertility conditions.

Landscaper's Mix is ideal for quick seed establishment, and temporary lawns.

| Grass Seed | | | |
|---------------------------|---------|----------|---------|
| | 25lb | 50lb | 10lb |
| Sun and Shade (6 Way) | \$95.00 | | |

| Tri Tall Fescue | \$90.00 | \$165.00 | |
| Landscaper's Mix | \$81.00 | | |

Seed Cover

EZ Straw - mulches itself to provide nutrients to the soil as it breaks down. Has a tackifying agent so that the straw sticks together to provide great protection. No need to go back and rake up.

EZ Straw Lawn Repair- SEED - STARTER FERTILIZER - STRAW All-In-One Mix. Great for general repair. Just spread the mix then water. Organic Fertilizer helps the lawn grow lush and green. Natural tacking substance helps the mix stay in place. The mixture contains a proven Sun and Shade seed mix.

| Seed Cover | Coverage |
|----------------------------------|---------------------|
| EZ Straw - Mulching Seed Hay | \$19.99 500 sqft |
| EZ Straw - Lawn Repair Mix-28lbs | \$34.99 600 sqft |
| Straw Hay | \$16.00 350 sqft |
| Salt Hay | \$25 350-sqft |
| Fertilizer for Lawns | Coverage |
| 9-19-18 (StarterSpur) | \$18.49 10,000 sqft |

Fertilizers

Starter Fertilizer - (9-19-18) Specifically formulated to provide balanced amounts of phosphorus and potassium necessary for promoting root growth and winter hardiness.

Weed Control

Treflan - A pre-emergent, granular spreading weed controller for mulch beds. Spread before laying down mulch to create a barrier that prevents weed germination. Not a weed killer for existing weeds.

Weedmat/Filter Fabric - A spun bound textile that inhibits weed growth while allowing water and nutrients to pass through. Is the highest quality fabric that you can buy. It is used for drainage/French drains/behing retaining walls/ separating decorative gravel from the subsoil.

| Mulch Bed Weed Control | Coverage |
|---------------------------------|---------------------|
| Treflan (Pre-Emergent) Granular | \$37.85 20,000 sqft |
| Weed Barrier | |
| 4'x100' Roll | \$34.99 400 soft |
| 6'x300' Roll | \$195.00 1,800 sqft |
